Where can I find my evaluation, and how do I receive credit?

Eval Notfication

After the training, **within 48 hours**, attendance will be marked and an eval notification will be sent to your email from **messenger@esclive.net**. Please fill out the online form completely, and enter in the session code(s) that was provided during the broadcast. **Codes will not be given out again so please be certain to write it down.** You will need it in order to earn CEU credit.

You will have **60 days** to complete the evaluation to receive SBEC & ACVREP credit. After that time expires, the evaluation will be taken down and the opportunity to apply for credit will no longer be available. If CEU credit is of no concern to you, then please still feel free to provide your feedback! You won't need to provide the code, if that is the case. Just complete the evaluation. Your response is both highly encouraged and greatly appreciated!

Registration History

If for some reason you are unable to locate your eval notification, then please know that you may also access your evaluation by logging into your ESCWorks user account and going to: **Registration History/Certificates** and then **Past sessions**. Also, your certificate will be available for download after completing your evaluation. It will remain in your registration history in your user account.
